Principal Investigators

Professor Brian Lawlor

Institution

Trinity College Dublin

Contact information of lead PI

Country

Ireland

Title of project or programme

Cognitive Function, caregiver stress and cortisol: Mechanisms and implications for prevention of adverse health consequences in spouse dementia caregivers

Source of funding information

The Alzhiemer Society of Ireland and Health Research Board

Total sum awarded (Euro)

€ 299,275

Start date of award

04/02/2013

Total duration of award in years

3.0

The project/programme is most relevant to:

Alzheimer's disease & other dementias

Keywords

Research Abstract

Lay Summary

Further information available at:

Types:

Investments > €500k

Member States:

Ireland
