

DNA resource – Queen’s University Belfast

<https://neurodegenerationresearch.eu/survey/dna-resource-queens-university-belfast/>

Name of resource (including any acronym)

DNA resource – Queen’s University Belfast

Name of Principal Investigator

Title Prof

First name Peter

Last name Passmore

Address of institution where award is held

Institution Queen’s University Belfast

Country

United Kingdom

Website link with details of how to contact the resource

p.passmore@qub.ac.uk

Purpose of the resource

DNA for genetic basis of AD

1. The resource is

General (e.g. DNA sequence, proteomic data)

2. The resource specifically provides for the following neurodegenerative diseases

Alzheimer’s disease and other dementias

3a. The resource is accessible to the research community

2

3b. Procedures and rules for access

Apply to PI or co-ordinator at resource

4a. Type of data provided

Description

AD diagnosis

4b. Other data available through the resource that may be useful for research into neurodegenerative conditions

Type of data available

yes

yes

5a. Maintenance of the resource is dependent on continued funding

2

5b. End date of current funding period

1

5c. Plans to secure further funding beyond this period

Don't know

5d. Expected lifespan of the resource (in years)

20
