Principal Investigators

DRAPIER Sophie

Institution

CHU Rennes

Contact information of lead PI

Country

France

Title of project or programme

Étude de l'efficacité de la Pompe à Apomorphine dans la maladie de Parkinson au stade précoce de la maladie. Study of the efficacy of the Apomorphine Pump in Parkinson's Disease Early Stage

Source of funding information

DGOS

Total sum awarded (Euro)

€ 1,045,238

Start date of award

xx/xx/2015

Total duration of award in years

3.0

The project/programme is most relevant to:

Parkinson's disease & PD-related disorders

Keywords

Research Abstract

Lay Summary

Further information available at:

Types:

Investments > €500k

Member States:

France

Diseases:

Parkinson's disease & PD-related disorders

Years:

2016
