

microRNA as novel therapeutic targets and disease biomarkers in Alzheimer's Disease, Frontotemporal dementia and Amyotrophic lateral sclerosis (NEURO-MIR)

<https://neurodegenerationresearch.eu/survey/microrna-as-novel-therapeutic-targets-and-disease-biomarkers-in-alzheimers-disease-frontotemporal-dementia-and-amyotrophic-lateral-sclerosis-neuro-mir/>

Principal Investigators

Prof. Jochen Prehn

Institution

Royal College of Surgeons in Ireland

Contact information of lead PI

Country

Ireland

Title of project or programme

microRNA as novel therapeutic targets and disease biomarkers in Alzheimer's Disease, Frontotemporal dementia and Amyotrophic lateral sclerosis (NEURO-MIR)

Source of funding information

Science Foundation Ireland

Total sum awarded (Euro)

€ 191,399

Start date of award

01/11/2013

Total duration of award in years

3

Keywords

Research Abstract

Further information available at:

Types:

Investments < €500k

Member States:

Ireland

Diseases:
