## Title of project or programme

Network Project, NGFN: Functional Genomic Research for Human Health: Neurodegenerative Disease Networks: Connecting small molecules, proteins, and disease phenotypes 'NeuroNet'

## Principal Investigators of project/programme grant

Title	Forname	Surname	Institution	Country
Prof.	Erich	Wanker		Germany

## Address of institution of lead PI

Institution

Street Address

City Berlin

Postcode 13125

## Country

Germany

## Source of funding information

Federal Ministry of Education and Research (BMBF)

## Total sum awarded (Euro)

9300000

## Start date of award

01-06-2008

## Total duration of award in months

60

## The project/programme is most relevant to

- Neurodegenerative disease in general
