

New experimental model development to test procognitive and neuroprotective compounds

<https://neurodegenerationresearch.eu/survey/new-experimental-model-development-to-test-procognitive-and-neuroprotective-compounds/>

Principal Investigators

Livia Fülöp

Institution

University of Szeged

Contact information of lead PI

Country

Hungary

Title of project or programme

New experimental model development to test procognitive and neuroprotective compounds

Source of funding information

NKFIH

Total sum awarded (Euro)

€ 164,630

Start date of award

01/01/2015

Total duration of award in years

4

Keywords

Research Abstract
