

Regulation of presynaptic activity by ? secretase in Alzheimer's disease

<https://neurodegenerationresearch.eu/survey/regulation-of-presynaptic-activity-by-secretase-in-alzheimer%c2%92s-disease/>

Principal Investigators

BARTHET Gaël

Institution

Institut des Neurosciences UMR5297 – Bordeaux

Contact information of lead PI

Country

France

Title of project or programme

Regulation of presynaptic activity by ? secretase in Alzheimer's disease

Source of funding information

Fondation Plan Alzheimer

Total sum awarded (Euro)

€ 311,865

Start date of award

xx/xx/2011

Total duration of award in years

5

Keywords

Research Abstract
