

# The Norwegian bioinformatics platform

<https://neurodegenerationresearch.eu/survey/the-norwegian-bioinformatics-platform/>

## **Name of resource (including any acronym)**

The Norwegian bioinformatics platform

## **Name of Principal Investigator**

Title Several node leaders

## **Address of institution where award is held**

Institution Several nodes

Street Address

## **Country**

Norway

## **Website link with details of how to contact the resource**

<http://www.bioinfo.no/>

## **Purpose of the resource**

The bioinformatics platform provides research-based services and training to functional genomics users in Norway.

### **1. The resource is**

General (e.g. DNA sequence, proteomic data)

### **2. The resource specifically provides for the following neurodegenerative diseases**

Neurodegenerative disease in general

### **3a. The resource is accessible to the research community**

2

### **3b. Procedures and rules for access**

National access

### **5a. Maintenance of the resource is dependent on continued funding**

2

### **5c. Plans to secure further funding beyond this period**

Don't know
