

Parkinson's disease models for translational research

<https://neurodegenerationresearch.eu/survey/title-of-piparkinsons-disease-models-for-translational-research/>

Title of project or programme

Title of PI Parkinson's disease models for translational research

Principal Investigators of project/programme grant

Title	Forname	Surname	Institution	Country
prof	Thomas	Perlmann	Karolinska Institutet	Sweden
prof	Anders		Lund University	Sweden
ass prof	Per	Svenningsson	Karolinska Institutet	Sweden

Address of institution of lead PI

Institution Cell and Molecular Biology

Street Address Box 285

City Stockholm

Postcode SE-171 77

Country

- Sweden

Source of funding information

Swedish Foundation for Strategic Research

Total sum awarded (Euro)

2204532

Start date of award

01-01-2010

Total duration of award in months

60

The project/programme is most relevant to

- Parkinson's disease

Keywords

parkinson's disease, schizophrenia, dopamine, serotonin

Research abstract in English

Lay Summary

In which category does this research fall?

- Basic research
