Eligibility

Eligible Institutions	<ul style="list-style-type: none"> • Hospitals, primary health care or public health administration of the Spanish National Health System (SNS) These institutions may manage research via a foundation regulated in accordance to the Spanish Act 50/2002, of December 26th (a copy of the foundation's statutes may be submitted). • Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS) Accredited according to the RD 339/2004, of February 27th or RD 279/2016 (These institutions may manage research via a foundation regulated according to the Spanish Act 50/ 2002, of December 26th) http://www.eng.isciii.es/ISCIII/es/contenidos/fd-investigacion/fd-institutos-investigacion-sanitaria/listado-de-iis-acreditados.shtml • CIBER or CIBERNED Team members applying to the call must be from at least two different groups belonging to CIBER in two different home institutions and one of these two should be a Hospital, primary health care or public health administration of the Spanish National Health System (SNS) or Accredited Health Research Institute (IIS). • Academia or Other Research Centers (public and private non for-profit) These entities can only participate if they apply together with Hospitals, primary health care or public health settings of the Spanish National Health System (SNS), or Accredited Health Research Institutes (IIS) in the same proposal. It is not allowed to apply independently, thus there must be two beneficiary Spanish institutions requesting funding to ISCIII in the same proposal.
Additional requirements	<p>Eligibility of Researchers:</p> <p>Principal Investigators (PIs) can only participate in one project proposal. The Principal Investigator (PI) and all members of the research group</p>

	<p>must belong to the eligible institution or be affiliated to CIBER, CIBERNED or an IIS.</p> <p>Excluded personnel as Principal Investigator (PI):</p> <ul style="list-style-type: none"> • Those undergoing a postgraduate training in Health Specialization (MIR, FIR, QIR, BIR, PIR). • Those undergoing research training (e.g. PhD students, or “Río Hortega” contracts). • Researchers contracted by a RETIC or a CONSOLIDER. • Those undergoing postdoctoral training (e.g. “Sara Borrell” or “Juan de la Cierva” contracts). <p>PLEASE NOTE:</p> <ol style="list-style-type: none"> I. Applicants from ISCIII are eligible. Eligibility criteria from AESI 2020 apply. II. Same institution cannot participate with more than one partner in the same project proposal. III. Only one PI per beneficiary institution may be funded within the same proposal. IV. In a clinical study or trial that requires CROs it is encouraged to include in the proposal someone belonging to SCReN (Spanish Clinical Research Network, the Spanish scientific component of ECRIN). It could be included either as a member of the team or as another eligible partner to be funded by ISCIII. V. SMEs and other private companies are encouraged to participate at their own cost, as subcontractors or funded by CDTI. VI. Researchers with ongoing projects in 2021 funded in a JPND call for projects are not eligible for funding by ISCIII in the current call unless the ongoing project or the new application is as coordinator. VII. There is no other incompatibility with AES 2020. VIII. Incompatibility for application to any other call are subject to the provisions in the relevant call.
<p>Submission of the proposal at the national level</p>	<ul style="list-style-type: none"> • National applications will be required by ISCIII. The national submission period will be published at AES 2020. • Spanish Applicants should periodically check in the web page of ISCIII if they are qualified. ISCIII may not send invitations to the mandatory national phase. • Due to administrative and legal regulations, the National Institute of Health Carlos III declares the end of September 2020 as national deadline for the decision on fundable project consortia which include Spanish partners to be funded by ISCIII. Any concerned applicant in a proposal for which no final decision has been made by the deadline, could be declared not fundable by ISCIII. • Any publication, data base, product or event protected with IPR or not, resulting from the granted project must acknowledge “Award no. XX by ISCIII through AES 2020 and within the JPND framework” even after the end of the project.
<p>Requirements on data and repositories</p>	<ul style="list-style-type: none"> • Researchers funded by ISCIII must make public the human genomic data, as well as relevant data (phenotype and exposition data) generated inside the funded project and will use open access repositories. Researchers must also make public all the necessary information for the interpretation of these genomic data, including lab protocols, data instruments survey tools. Regarding genomic data it is understood: association of complete genomes (GWAS), matrixes of de polymorphism of a single nucleotide (SNP) and sequence of genome, and transcriptomic, metagenomic, epigenomic and gene expression data. The researchers whose

	<p>projects are funded by ISCIII are recommended to store their scientific data at the "ELIXIR Core Data Resources", or if non-European repositories or data bases are to be used they must be certified by ELIXIR or the US National Center for Biotechnology Information (NCBI).</p> <ul style="list-style-type: none"> • ISCIII may not fund any project that may require a repository and/or a data base without a plan ensuring sustainability and decommissioning after the end of funding.
